

Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper which automatically triggers to unload as soon as bumper release touches the side of a dumpster. After dumping is finished, the hopper returns to a locked and upright position. This particular piece of machinery is also existing together with a cable that allows operation from the seat of the forklift to be able to have the choice of manually dumping the hopper. There is a locking chain provided to secure the hopper to the fork truck. This particular product is made with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper likewise has a blue powder coat finish to be able to maintain durability.
