

## **Lull Telehandler Part**

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since 1959. Whether the work involves positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will help make the task go easier and faster. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. A wide range of optional attachments is available for Lull telehandlers so as to help complete whichever work.
