Advance-Nilfisk Parts - Imagine how long and tedious it would be to tidy up after a party, without assistance from machines. Previously, the dust from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the top cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who really liked to work on electrical motors. After starting his business during 1906, he started to make motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's dream from the beginning was to own an international company marketing merchandise worldwide.

The Nilfisk C1 was a remarkable breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one individual. This creation came in a time where numerous cleaning equipment were huge and required 4 or more operators, hence, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning equipment offer a brilliant solution to an existing dilemma; stuff get filthy and have to be cleaned frequently, without a lot of effort.

Little by little, the business Nilfisk-Advance expanded through the years. In the the early part of the nineteen eighties the company grew more rapidly when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, trying to be an active global player in manufacturing professional cleaning equipment. Nilfisk-Advance is now located in all parts of the world by steadily acquiring lots of small companies in order to develop their product selection and presence in new markets. They are really proud to present different cleaning solutions to suit each and every requirement.
