

TCM Forklift Part

TCM Forklift Parts - In the international business of material handling, forklifts play an important part for transporting industrial goods. Originally innovated as industrial vehicles during the 1930s in the United States, lift trucks gained recognition following WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply called TCM Corporation. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes many models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading business.
